Excellence Beyond Graduation

# INSTRUCTIONAL PLATFORM

EHS will utilize the Schoology Learning Management System. Teachers will upload all documents and learning links to Schoology. Students will follow links to live instruction, watch videos, read documents, submit assignments, and complete other tasks through this platform. Due dates will be listed and assignments must be completed by the assigned dates for students to receive credit unless extenuating circumstances are communicated and approved by the teacher. Student attendance in the live sessions will be monitored. Students' grades and teacher comments will also be accessible through Schoology.

Follow the daily schedule starting

*August 20th*

Small group intervention sessions and/or one-to-one practice opportunities will be offered to students needing extra support.

Eufaula High School developed an instructional framework for teachers to use in providing instruction in live and on-demand formats. This framework includes guidelines for student screen time which teachers are expected to follow. Teachers will provide live direct instruction for 45 minute time increments for each class. Teachers will be available during office hours to provide small group instruction and one-to-one practice opportunities.

Students will be expected to spend at least 3 hours per day in live instruction. Additional small group and one-to-one practice opportunities will be scheduled between the teacher and student(s).
