RATIONALE

March 2020 began a year like no other for our students. Students have seen a drastic change in their learning environment over the past year. We have had school shutdowns, quarantines, face to face instruction, fully virtual instruction, and a mixture of the two!

In an effort to combat the learning that has been lost during these challenging times, Eufaula City Schools is pleased to offer an extensive Summer Learning Program that is designed to meet all students' needs.

Discipline

Students will follow the discipline policy in the Eufaula City Schools Code of Conduct.

GENERAL INFORMATION

Medical Information

A nurse will be on site for each day students are on campus during the summer. Students who have daily medicine needs will need to register their medicine with the nurse, just as they do during the regular school year.

ARCH Counseling Services

Research has shown that students are facing emotional challenges as a result of COVID-19. It is important for students to be healthy academically, but it is equally important for students to be healthy emotionally.

Eufaula City Schools is proud to partner with ARCH Counseling to provide services to each class and each program for Summer 2022. Certified counselors will provide whole group counseling to each class with a focus on social and emotional learning.

Location: Eufaula Elementary School

The Eufaula Primary School 21st Learning Community Learning Center (EPS 21st CCLC) is a federally funded program dedicated exclusively to supporting local afterschool programs and summer learning programs.

EPS 21st CCLC Program incorporates a variety of activities with academic support as its foundation. Our goal is to provide quality programming that meets the needs of the child, supports the parents, and works together with the students and teachers to improve academic success as well as create a positive environment for your child.

The EPS 21st CCLC Summer Program will offer Physical Education and Health. We will also have STEAM activities to enhance students' Engineering Curiosity, Problem Solving Skills, and Creativity. Arts and Music Enrichment will be fun and an exciting experience for the students as diverse cultures will be embedded in the program. Reading and Math will be hands on and an extension of the goals and objectives of Eufaula Primary School.

Participating students will be provided with a well-balanced, nutritious breakfast and lunch each day of the program.

A paper copy of registration will be sent home with each student or can be picked up in the front office at the school.
