Eufaula High School

Vision

Develop a diverse community of learners who demonstrate excellence and are prepared to lead others to solve the problems of tomorrow.

Mission

Educate each student to prepare for college and/or career, allowing them to become contributing members of society who can conduct themselves professionally and intellectually in a workplace and/or academic environment.

Beliefs

Provide all students the confidence to learn and solve real-world problems and to demonstrate academic growth as well as ensure access to education that is well-rounded; teachers should create positive environments that teach students marketable skills to help them succeed beyond the classroom.

Academic Achievement

Ohiectives

 Develop student-centered learning environments that address the social, academic, and emotional needs of all students.

School Culture

Ohiectives

 Faculty will help develop a positive school culture that fosters a student's social and academic needs.

Consistent Attendance

Objectives

 Faculty, staff, and students will strive for consistent high attendance throughout the school year.

Critical Initiatives

- Use student data to drive student-centered instruction in textbook or technology-based environments.
- Utilize online programs to monitor student discipline and contact parents.
- Relevant professional development as needed.
- High Reliability Schools-Marzano

Critical Initiative

- Provide social and emotional support for all students
- Relevant professional development as needed.
- Provide new support and resources for the academic needs of all students
- · High Reliability Schools-Marzano
