

Eufaula High School

Vision

Develop a diverse community of learners who demonstrate excellence and are prepared to lead others to solve the problems of tomorrow.

Mission

Educate each student to prepare for college and/or career, allowing them to become contributing members of society who can conduct themselves professionally and intellectually in a workplace and/or academic environment.

Beliefs

Provide all students the confidence to learn and solve real-world problems and to demonstrate academic growth as well as ensure access to education that is well-rounded; teachers should create positive environments that teach students marketable skills to help them succeed beyond the classroom.

Academic Achievement

Objectives

- Develop student-centered learning environments that address the social, academic, and emotional needs of all students.

Critical Initiatives

- Use student data to drive student-centered instruction
- Utilize online programs to monitor student discipline and contact parents.
- Relevant professional development as needed.

Key Measures

- Lesson Plans demonstrate data use
- Testing Data (MAP, ACT, PreACT, WorkKeys, etc.)

School Culture
